

SPECIALIZED OFFICE SYSTEMS, INC. LAUNCHES MEDICAL TECHNOLOGY SOLUTIONS, LLC.

PHOENIX, Arizona, May 1, 2009 – Specialized Office Systems (SOS) is pleased to announce launching Medical Technology Solutions, LLC

Medical Technology Solutions, LLC.(MTS) is focused on providing integrated technology solutions for small and medium sized medical practices in the Southwest United States. MTS will provide a single point of contact for Electronic Medical or Health Records Software, Practice Management Software, Hardware, and Network Integration. This one point of contact will allow medical practices to focus on providing excellent patient care and growing their practice while embracing technology and best practices. MTS has already received partner approval from Allscripts and PracticeSuite.com and has hired its first consultant who is ready to serve!

"We're so excited about the opportunity to strengthen our relationship with medical providers as a result of the new company" says Nathan Goldberg, President of Specialized Office Systems, Inc., "Allscripts is a top notch company and Blake is an expert when it comes to EHR and Practice Management. We're really excited to have his expertise and the quality products we represent today" he continues.

Specialized Office Systems, Inc. is the leader in providing integrated solutions for businesses. SOS is a family owned and operated business based in North Phoenix for nearly 25 years and serves nearly 3500 clients in Arizona and across the country. A leader and specialist in providing services including printing, promotional products, office supplies, office environments (office furniture), filing systems and supplies,

In addition, Specialized Office Systems, Inc., employs more than 35 employees and business office procurement consultants who serve customers throughout the Southwest and across the United States. Headquartered in Phoenix, Arizona, SOS focuses its charitable efforts on supporting hunger relief, health and wellness initiatives, and local schools and grassroots organizations in the communities it serves. For more information about the Company, please visit www.SOSsystems.com.
